To whom it may concern – namely Verna,

Well isn't it about time for this school year to end? I sure think so. I dread Graduation servic I just want to grab my diploma and take off. Monterey has been the greatest it's ever been, agree? But what was after Saturday that counts. Carmel is so neat!! I think I'll take a ride there again real soon.

Classes haven't been too terribly hard this ye If I had studied harder I probably could have go better grades. That's usually the case with all of us though. Hasn't it been a real privilge to have teacher like Mr Heath? No, really. I think he's alright most of the time. It's just his way of joking around. I've learned a lot more though in his class though as far as art goes.

It too bad we didn't have more classes together this year, but I think it was to our advantage since we'll probably see so much of each other next year will be nice!

I have a feling our Room will look as common as everyone else's. I have to save all my money for Pullman, so that means no elabo ating on room decorations. Especially fore fur!!

draw one of these on your knuckle and watch it get bigger!

Don't forget all the fun we've had toge even if we weren't stuck together all the time like Youth Congress. I don't know ab you, but I was tagging along Jeannie wh she was jumping from one guy to the nex I guess you had a lot of fun though, e ever you did. It was lucky for you, t had a good ride home. Only thing luck for Jeannie and I was that we met th two Italians before we had to leave.

Remember you told Ole to send some for you when we went to Carmel? We D didn't think I would since the only ones was with was Fritz and Harry. All they di

was lay on the beach so Jeannie and I got fed up and left them with Debbie and Sue.
Too bad you didn't come with me though. Altogether I met 4 guys! I hope we do as good at college! Oh well, anyway, ditch-day was a lot of fun. I hardly got to see any of you! I guess you saw some of the problems we had too, among us girls in my room.

Now that we have only three more days to go, what on earth shall we do to make it fly! Doesn't the post-grad party sound neat?!! I hope its a lot of fun. I want to invite someone but I don't know who. I never even heard of the Spagetti Factory. San Francisco in itself is a lot of fun.

I hope we can see each other this summer so we can tell each other what happened that night. I've got a feeling after midnight we won't bump into each other.

Well, I'll be glad to get out of this creepy class. All they guys, well most of them that is, are so immature. Not that I'm so sophisticated, but man, this is ridiculous!

I think I did a pretty good job of messing up these two pages, agreed?

So I better stop before you have a whole mess called an annual(?)!

Love ya always
Chase

PS. Have fun this summer.

Verna,

The year is almost over — and the last year at that!

Didn't we have fun at Youth Congress! I'm glad the four years are over, but just thinking of at least 4 more years makes me sick. Hope I'll be better by next year - I'm sure I will.

Have a great summer & see you next year at P.U.C. I hope.

Sincerely,

Jeannette

Have a try bumming around next year. I still want you to help me make a poodle for our room. Do you know any other tricks? Well it's back to hot old Fremont for me and all the fun we had for 2 yrs. God Bless you. Although we don't bum around together all the time, I have always felt I could go to you and feel accepted. You can never guess how much that has meant to me. Thanx so much for just being a friend. We will always remember where we first came to know each other. Verna, It sure has been swell knowing you these last two years. I remember when you first talked to me in Spanish. It was fun learning about your culture. You have been a very good friend. I could really make a terrific group. We will get together this summer. Please take pity on me + write a few lines. OK? Though we don't live right around the corner, I still consider you a very good friend and as anyone could be. And my first impression was right. You were just a dear + I'm sure will be so-o-o lonesome. Well at least don't forget me and all the fun we had for 2 yrs. God Bless you. Love, Grace, Terri, Kim + Tina

To whom it may concern – namely Verna,

Well isn't it about time for this school year to end? I sure think so. I dread Graduation time I just want to grab my diploma and take off.

Catch-day has been the greatest it's ever been, agree? But what was after Catch-day that counts. Carmel is so neat!! I think I'll take a ride there again real soon.

Classes haven't been too terribly hard this ye If I had studied harder I probably could have go better grades that's usually the case with all of us though. Don't it been a real prudge to have a teacher like Mr Heath? No, really. I think he's alright most of the time. It's just his way of joking around. I've learned a lot more though in his class though as far as Art goes.

It too bad we didn't have more classes together this year, but I think it was to our advantage since we'll probably see so much of each other next year we'll be sick!

I have a feeling our room will look as common as everyone else's. I have to save all my money for Quilcon, so that means no elaborating on room decorations. Especially fake fur!!

draw one of these on your knuckle and watch it get bigger!

Don't forget all the fun we've had toge even if we weren't stuck together all the time like Youth Congress. I don't know abo you, but I was tagging along Jeannie wh she was jumping from one guy to the nex I guess you had a lot of fun though, e ever you did. It was lucky for you, y had a good ride home. Only thing luck for Jeannie and I was that we met the two Italians before we had to leave.

Remember you told me to find some g for you when we went to Carmel? We D didn't think I would since the only ones was with was Fritz and Larry. All they di
